MARAT KUZAKHMETOV

kuzakhmetovmarat@gmail.com | in/marat-kuzakhmetov | 015736524376
Based in Berlin, willing to relocate within Germany
Work permit in Germany

Frontend Engineer with 4+ years of experience in building high-performance web applications. Contributed to products that generated over 1.500.000 euros in revenue within a year. Proficient in **JavaScript**, **TypeScript**, **React.js**, and **Next.js**. Experienced in optimizing deployment processes, enhancing UI development workflows, and building high-performance large-scale applications. Designed and implemented micro frontend architectures to scale complex systems.

EXPERIENCE

Frontend Engineer, Online Media (Leading online media, MAU > 45M)
Berlin
November 2022 - Present

- Crafted the front-end for Donation Platform that contributed to the annual revenue of more than 1.500.000 euros.
- Enhanced the AMP website with semantic HTML and optimized CSS, driving a 12% increase in the user base and improving accessibility.
- Created and implemented the typo reporting system on the website which has significantly expedited the correction process, empowering editors to identify and rectify errors with a 65% reduction in the time spent searching for and addressing typos.
- Contributed to the creation of a media project about Berlin that generated over 70.000 euros in revenue.

    Key Projects:

    - **Online store**: As the lead frontend engineer, built and launched the company's online store, which generates an additional 14% of the annual revenue. By introducing a CMS integrated with Shopify, I reduced the project's dependency on developers by 85% and significantly accelerated content update processes.
    - **Social Project**: Participated in creating the fundraising project to help people in need. This project attracted more than 250,000 euros in first 2 weeks and now generates approximately 20,000 euros in donations every month.

    Technologies: React.js, Next.js, Svelte, JavaScript, TypeScript, Node.js, Express.js, AMP (Accelerated Mobile Pages), Redux, HTML, CSS, CSS-in-JS, SCSS, Tailwind, Webpack, Babel, Storybook, GraphQL, Redis, CMS Sanity, Stripe, Shopify, GitHub Actions, Docker, Jest.

Frontend Engineer, Isite (Web development services)
Moscow
May 2021 - July 2022

- Delivered responsive web interfaces using React and TypeScript, increasing mobile engagement by 7%.
- Implemented TypeScript in the codebase, reducing returned tickets and bugs by 15%.
- Diagnosed and solved performance optimization issues with code splitting, lazy loading, and efficient asset management, cutting load times by 20%.
- Refactored existing components into reusable modules, which decreased development time for new features by 20% and reduced overall codebase size by 4%.

    Technologies: React.js, Next.js, Vue,js, JavaScript, TypeScript, Node.js, Express.js, Redux, HTML, CSS, SCSS, Webpack, Babel, Docker, Jest.

EDUCATION

National Research University of Electronic Technology (MIET)
B.Sc. in Computer Science

SKILLS

- **Languages:** JavaScript, TypeScript, HTML, CSS.
- **Frameworks/Libraries:** React, Next.js, Redux, Vue.js, Svelte, GraphQL, Node.js, Express.js.
- **Tools:** Webpack, Babel, Axios, Storybook, Jest, GitHub Actions, Docker, SASS, CSS-in-JS, PostgreSQL, Redis, CMS Sanity, Shopify, Stripe.
- **Concepts:** Performance Optimization, UI/UX Design, Micro Frontends, A/B Testing, CI/CD, SPA, PWA, RESTful APIs, Agile/Scrum.

LANGUAGES

English - fluent, **German** - intermediate, **Russian** - native
